Hinkley Adds to its Robust Product Line with the Galerie Collection

AVON LAKE, Ohio (November 5, 2019) – Hinkley, a leading designer and distributor of decorative lighting and fans, has just announced an entirely new group of families. The Galerie Collection, a carefully curated selection of products, is dedicated to the Ceiling and Wall categories and offers an incredible assortment of six uniquely designed families resulting in over 70 new skus, each perfect for residential and hospitality spaces.

This new collection features detailed fixtures from the sconce, flush and semi-flush mount products, performance, compliancies, as well as shade and finish options.

“Galerie’s signature theme is found in the highly decorative elements of each family,” said Lauren Lovett, Product Director at Hinkley. “These different ‘elements of art’ ensure the entire array of sconce and flush mounts are immediately recognizable as representing Hinkley style and quality, with our well-known focus on details, design and materials.”

DISTINCTIVE FEATURES

- Tip-off shades require no tools for re-lamping
- High quality, polycarbonate diffusers for exceptional lighting and longevity
- Won't lose shape or discolor; 85% transmittance of initial light shown through diffuser

NEW COLLECTION DEBUT

- Multiple options of shades and finishes for a custom look
- All sconces have upper and lower diffusers
- Engineered for ease of installation and servicing

In addition, the complementary contours, materials and finishes allow each silhouette to be used in unison or easily combined with other Galerie pieces for seamless solutions for project work or residential spaces. Whether it’s a room refresh or a blank canvas, the Galerie collection will immediately refine and complete the ceiling and wall needs of any space.

“We are excited to offer a curated group of products that reflect what Hinkley does best: thoughtful design. Whether it’s a room refresh or a custom build, residential or commercial applications, we saw an opportunity to bring distinctive wall and ceiling lighting solutions together in this unique collection,” said Jess Wiedemer, President of Hinkley Lighting.

HINKLEY

The debut of the Galerie Collection follows Hinkley's recent acquisition of Regency Fans, as the company continues its focus on strong growth through the end of the year and beyond. Galerie will be featured at the upcoming BDNY show and in the Hinkley showroom at Lightovation in January.
